Professional Summary

MERN Stack Developer with hands-on experience in designing and building responsive, high-performance web applications. Proficient in React.js, JavaScript (ES6+), Node.js, MongoDB, and Firebase. Adept in optimizing UI/UX, ensuring cross-browser compatibility, and solving complex technical challenges. Passionate about delivering scalable and efficient solutions using modern web technologies.

Projects

React Food – Online Food Ordering [Live Demo]

Tech Stack: React.js, Redux, Tailwind CSS

-Developed a dynamic and responsive food ordering platform using React.js and Redux.

-Implemented cart management and real-time UI updates using Redux state management.

-Design ed modern UI with Tailwind CSS and ensured mobile-first responsiveness.

-Integrated reusable components for product listings, search, and protected routing.

TIC-TOC – Interactive Tic-Tac-Toe Game [Live_Demo]

- Developed a browser-based **Tic-Tac-Toe game** using **HTML, CSS, and JavaScript**.

- Designed a clean and responsive UI with smooth transitions for both desktop and mobile.

- Implemented game logic with real-time win detection, turn switching, and score tracking.

- Deployed the game using **Vercel** for fast and reliable hosting.

Work Experience

Balaji Mobile – Sales & Repair Management System   **Freelancing(Jan2025-May2025)**

Developed a responsive web platform for managing mobile repair services and accessory sales with a user-friendly interface, efficient service tracking, and quick, reliable operations.

- **Service Management:** Allows users to request repairs for screen, battery, mic, receiver, charging jack, speaker, and back panel.
- **Product Sales:** Integrated catalog for selling mobile accessories like chargers, earphones, and headphones with online ordering.
- **Customer Portal:** Provides a transparent experience for customers to view repair status, get quotes, and explore products.
- **Performance Dashboard:** Displays business insights, including customer satisfaction and service turnaround time.
- **Quick & Reliable Service:** Highlights features like expert repair, warranty support, and 24-hour fast service.
- **Responsive Design:** Built with modern UI principles ensuring smooth performance across all devices.

School Management System   **Freelancing(June 2025-Dec2025)**

Developed a responsive web platform for efficient school administration, streamlining daily operations, improving communication, and enabling data-driven decision-making.

- **Dashboard Overview:** Displays key statistics including total students, classes, fee collection, attendance rate, and reports for quick insights.
- **Student & Teacher Management:** Streamlined modules for registering, updating, and tracking student and teacher details.
- **Class & Exam Management:** Organized class scheduling and exam tracking to manage academic activities efficiently.
- **Attendance Monitoring:** Automated attendance system with performance tracking for students and teachers.
- **Library & Hostel Management:** Digital tracking of books, issued items, and hostel room allocations.
- **Fee & Finance Module:** Simplified fee collection and financial reporting with real-time revenue tracking.
- **Communication Panel:** Enables administrators to send notices, manage messages, and share updates with students and staff.
- **Reports & Analytics:** Generates detailed monthly reports for student performance, fee status, and attendance trends.
- **Responsive Design:** Ensures a seamless and user-friendly experience across all devices.

Skills

Frontend: HTML5 , CSS3,JavaScript(ES6+),React.js,Next.js,TypeScript,Tailwind CSS

Backend: Node.js,Express.js,MongoDb

Tools & Platforms: Git,GitHub,VS Code, Postman

Other Skills: Rest APIs , (Axios,Fetch),API, Integration, Cross-Browser Compatibility,

Responsive Design,Performance Optimization,AI & ML Fundamentals.

Education

Amity University	**Jan2024-jan2026**
Master of Computer Applications(MCA)	Noida
Jai Prakash University	**Jul-2019-Jul-2022**
Graduate	Saran
BSEB	**2019**
Higher Secondary (Science)	Patna
